STAT

Dear 

STAT

It was awfully nice of you to send me a copy of your quarterly report describing the activities of your  I have read the report with great interest and feel that you people are doing a most useful work in the field which, as you know, is very close to my heart.

STAT

I expect to be in New York toward the end of this week and will at least call you up to say hello.

With best personal regards,

Most sincerely,

Michael G. Corson
